Texas Growing Alarmed.

The Texas scare has evidently grown some in the last day or two. Monday the quarantine against the whole state of Louisiana was reinstated, and today Dr. Tabor practically put an end to communication between the two state and to transcontinental traffic as well. President Souchon received the following telegram from Dr. Tabor:

also urges local authorities to refrain from imposing restrictions on freight as freight cars are fumigated by the marine hospital service before leaving the

MEETING WAS INFORMAL

How Czar and Kaiser Enjoyed Their Sea Visit.

St. Petersburg, Aug. 1.-From a mem ber of the imperial entourage, the Associated Press learns an interesting fact, showing how quietly preparations were made for the meeting between Emperor Nicholas and Emperor William. Though the German emperor had been exchanging telegrams with Emperor Nicholas for three days before the meeting, the party on the imperial yacht Hohenzollern were unenlightened as to their nature and results. perial yacht Hohenzollern were unenlightened as to their nature and retired on Saturday evening in ignorance of the forthcoming event. During the night Emperor William personally ordered the course of the yacht to be changed to the eastward. When the surprised guests noted the new direction of the Hohenzollern in the morning. Emperor William jovially broke the news that he would dine with the Russian emperor that evening. Dinner was prepared on the Polar Star, the Russian imperial yacht, but the Hohenzollern failed to arrive on time, and finally Emperor Nicholas and his party dined without the expected guests.

When the Hohenzollern did arrive and the German emperor and his suite had boarded the Polar Star, Emperor Nicholas greeted him, saying:

"Thou are too late. We have already dined," using the familiar German lightened as to their nature and re

the natural gas belts of Ohlo and a mammoth organization will be built appraised to compete with the national company. Mr. Delly is now abroad, but will return August 15. and immediately thereafter the financing will be begun. The company will be reorganized, and will probably be given a new mame, among other conditions.

Mr. Foster admitted that Rockefeller capital is interested in the company, and spoke optimistically of the future of the company about to be formed. He said that one carbon customer has already been secured that will net \$100.000 a year to the concern. He also intimated that various lighting plants and electrical concerns will throw enough patronage to the new organization to insure for it great progress.

Mr. Foster said that the new company will be maintained as an independent institution regardless of its backing and will have the distinction of being the only independent carbon company on American soil.
